Winter Business Overview

communications market – most recently securing the acquisition of TelstraClear – repositioning the business from a mobile operator to a full service communications company with a strong focus on innovation, customer service and value as key strategic platforms.

Before joining Vodafone, Russell enjoyed a successful career in the global information technology industry. Just prior to Vodafone he was Managing Director of Unisys New Zealand Limited for two years, based out of Wellington.

Before Unisys, IBM was his employer for 15 years. He started in sales and progressed through management to become Global Director, Telecommunications Services based out of New York. In IBM he worked in

many roles spanning sales, marketing, services and systems integration across all major markets. It was during this time he developed his passion for working in the telecommunications industry.

During the last 25 years global changes in technology have re-shaped the way we live, work and play. “IDC, a market research firm, suggests that the amount of digital information created each year will increase to 35 trillion gigabytes by 2020, requiring 44 times more data storage than in 2009”

These and other changes impact Business, Consumers, and Governments as we redesign systems, as people change the way they interact with public and private organisations, and as legislative frameworks are reshaped to address new challenges related to

Productivity, Privacy, Security, tele-health, tele-working and Education.

This presentation will be of interest to policy makers and business leaders across a range of sectors including Health, Education, Justice, Economic Development, Social Development, Maori Affairs and ICT.

The Winter Business overview will be held on Wednesday 23 July, commencing at 6.00pm, in the Legislative Council Chamber. Drinks will be from 6.00pm followed by a speech by Russell Stanners. A Buffet dinner will be served from 7.00pm.

Russell was appointed Chief Executive of Vodafone New Zealand in April 2005. During his time as CEO he has led Vodafone’s efforts to expand into the total

President’s Dinners

To date, two President’s dinners have been held this year. The final dinner for 2014 will be held on Wednesday 2 July.

The dinners, hosted by The Speaker in his capacity as President of the Trust, provide him with the opportunity to thank the Corporate Members for their continued support and to update them on the work of the Trust.

At the 18 February dinner the Parliamentary guests were Hon David Parker, representing the Leader of the Opposition and David Clendon, a Trustee Council Member, representing the Leader of the Green Party.

Parliamentary guests at the 16 April dinner were Rt Hon John Key, Prime Minister, and Te Ururoa Flavell representing the Maori Party.

Select Committee Seminar

The Trust has, of a number of occasions, received requests to organise a separate, more in-depth Seminar on the Select Committee process. In late 2013, the Trust Board agreed to a special seminar. This seminar will be held on Wednesday 28 May for 16 applicants who have been drawn from attendees who have, as a prerequisite, attended one of the Parliamentary Seminars.

The seminar is very much a "trial run" for possible future seminars on this topic. The assistance of the Office of the Clerk in the presentation of this seminar is appreciated and provides another opportunity to widen people's understanding of this very important aspect of the Parliamentary process.

2014 Trust Study Prize Winners

The Annual General Meeting was held on Wednesday 9 April in the Banquet Hall, attended by a small number of MPs and Corporate Members, due to the many other events taking place at Parliament that evening.

Brian Roche, Group Chief Executive at New Zealand Post, and Sir John Goulter, KNZM JP were reappointed as members of the Trustee Council for further three year terms.

Dave Chambers, Managing Director of Progressive Enterprises, who had kindly agreed to fill the vacancy left by the departure of Jennifer Moxon from IBM New Zealand last year, was confirmed as a member of the Trustee Council.

Each year the Trust awards two Study Prizes of \$1,500 each to two post-graduate students at Victoria University, Wellington, in the Political Science and International Relations Programme and School of Government.

The two recipients judged to be the most worthy of the award for 2013, having completed research essays on the role of Parliament in policy making and the wider community, were Natalie White and Alexis Harris. Presentations of "Certificates of Achievement" were made to both winners.

The Trust is pleased to welcome four new members this year:

Parliamentary Seminar

As this is an election year, only two Parliamentary Seminars were scheduled. The first one took place on Wednesday 5 March and the final one for the year will be held on Wednesday 18 June.

At the March Seminar there were a number of new speakers:

The Honourable Anne Tolley, Minister of Police and Minister of Corrections spoke on the role of "The Cabinet Minister".

Richard Prosser MP (New Zealand First) spoke on "MMP at work", and Catherine Delahunty MP (Green Party) and Ian McKelvie MP (National Party) spoke on "The role of the Member of Parliament".

The feedback from the participants at the end of the day was very positive. Comments included:

"Incredible. I wish more New Zealanders could see the passionate and hard-working nature of Parliament. Thank you so much."

"It was incredibly interesting. I was unaware as to the amount of joint/group across party decision making."

Honourable Anne Tolley, Minister of Police and Minister of Corrections

"The seminar has been extremely informative and well structured. I walk out today with a wealth of knowledge about Parliament, its people, structure and culture. Thank you!"
